

Quick Coupling – female

Supplied with liquid cooled FDU2.0 and VFX2.0 frame Size E and Size F(69) series

With the liquid cooled types in frame Size E and F(69), two (2) quick coupling female parts, see Figure 1 below, are part of the delivery. These quick coupling parts are required for connecting the liquid cooling system of the frame Size E and F(69) type of units with the external cooling system.

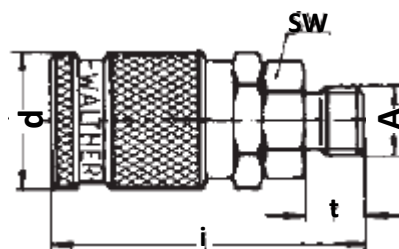

Fig. 1 Quick coupler female part.

Type LP-006-0-WR017-01-2FPM BU
Emotron part nr. 01-4451-01
